

Serenity Park Services

When independent living is no longer possible we offer an alternative solution to traditional institutional settings with 24 hour personal care and supervision.

Services we provide:

- We develop each resident's service plan in collaboration with their family.
- Complete care, help with dressing, bathing, eating, laundry service and housekeeping.
- Three nutritious home-cooked meals a day as well as snacks between meals.
- Special therapeutic diets are available.
- Medication monitoring, administration and prescription refills pick-up.
- We closely observe our residents for any physical or behavioural changes and keep an open communication line with the resident's family and the doctor.
- We encourage all the residents to stay active through physical and mental stimulation.
- Certified activities coordinator provide social interaction, focusing on the resident's current abilities and strengths.
- A professional musician is coming once a week to perform for our residents.
- Outings are planned for those who are able to venture out.
- We celebrate special events, holidays and birthdays with lots of food and a fun atmosphere for the residents and their families.
